Dartmouth Caring

I met with Alison Stocks and Dee Nutt of Dartmouth Caring to celebrate their achievements and to thank the Lloyds TSB Foundation for England and Wales for their support. Dartmouth Caring is a wonderful group of people who support elderly and vulnerable people in Dartmouth and the surrounding areas, providing a highly valued service to those that need it most. Aside from the assistance provided by Lloyds TSB, Dartmouth Caring relies upon the good nature of local people and I encourage you to look at their website and perhaps consider donating.
