Salcombe and Kingsbridge Primary visit Westminster

It was a real pleasure to welcome pupils and teachers from Kingswear Primary and Salcombe Primary, to the Houses of Parliament yesterday. The topics were different but as
always, the questions were wide ranging from life in Parliament, why I decided to go into politics and how being an MP compares to my former job as a GP. Animal welfare and how to get young people more engaged with politics were also up for discussion and it was good to catch up with views on tests at school and school food.

Please contact my office on 020 7219 5129 if your school would like to visit, the tours are terrific fun and I will always make every effort to meet up afterwards.
