Sarah Wollaston Chair, Health Committee

Further to that point, will my hon. Friend join me in congratulating Sharpham Wine and Cheese, which does just that? It is not only producing fantastic wines but fantastic cheeses and is providing a welcome tourist centre for tours, sharing expertise and creating valuable local employment.

Neil Parish Chair, Environment, Food and Rural Affairs Committee, Chair, Environment, Food and Rural Affairs Sub-Committee

I very much commend the Sharpham vineyard, because, once again, it is reaching out. It is producing a good wine, and then we can have good local food and bring more and more tourists down to the south-west, provided that we dual the A30 into Honiton while we are it and along the A358 to Taunton—"that was not part of my speech.
